The fourth section chairman, not in the picture, is Mrs. Joseph Edvalson.

THE NEW HORIZON program sponsored by the Adult Education Department of San Francisco, which appeared on Channel 5, KPXX, displayed the talents of the Hop "n" Glide Senior Dancers of Albany. The program was opened with members of the group dancing the Patty Cake Polka and at the conclusion of the show they gave an exhibition Grand Square Dance.

Participating in the event were Art Ramsdell, Lucena Ramsdell, Caroline Matthews, Alex Black, Virginia Workman, Vada Rose, Bill Gibbons, Gertrude Garden and Abbey Pausch, directed by Miriam and Hurley Heath. Hop "n" Glide Senior Dancers are members of the Original Albany Seniors, with club room at 850 Masonic Avenue.

Rotary Speaker Next Tuesday To Talk on Bugs

Dr. Richard L. Douth, Associate Professor of Biological Control at the University of California, will address the Albany Rotary Club at next Tuesday's luncheon on the subject, "Biological Control of Agricultural Pests." Spenger's restaurant is the place, and 12:15 the hour.

Robert J. Foley, Albany City Attorney, will be chairman of the day, while President Richard M. Thomssen will preside.

The speaker of the day is a native Californian and received his B.S. and Ph.D. degrees from the University of California. His talk will be based upon the role of the professional entomologist in assisting modern agriculture to reduce losses resulting from agricultural pests by the use of Nature's counter forces.

Last Tuesday Rotarians and guests listened to an interesting talk by John Hennessey, executive vice-president of the Associated Home Builders of the Greater East Bay, Inc., on the "Building Industry." Jerome Blank, Albany Realtor, was chairman of the day.

Former Albany Man Stricken by Polio In South

The Albany Times has just received a letter from Mrs. Grace Thunberg regarding her son, a former Albany youth, recently stricken with polio. The letter follows:

My son, Bill Thunberg, former Albany boy, was recently stricken with polio and is now in the Orange County General Hospital in Santa Ana. He is a graduate of Marin School, Albany High School (1948) and the University of California. He is a charter member of Albany Control Flyers. He is 26 years old, an engineer with North American Aviation at Downey, and is a student at U.C.L.A. where he is taking his Master's degree.

The paralysis involves the lower spine and legs. Bill resides at 10871 Gardenaire Lane, Anaheim, Calif., and would be glad to hear from some of his old friends. Bill and his wife, Joanne, have two children, Lauren Vera, aged 22 months, and Paul William, aged 3 months.

Our family home is at 1334 Washington Avenue, Albany.

MERCHANTS READY FOR HALLOWEEN

The Albany Solano Avenue Merchants Association in cooperation with the Albany Schools will again this year sponsor the painting of store windows with Halloween art. Prizes will be awarded on the basis of best composition and execution by the youngsters. There will be ghosts, goblins, witches, moons and cats, with black and yellow being the favorite color of the young artists. The event will be the children's contribution to the end-of-the-month "Trick or Treat" celebration.

As usual the citizenry will gather for a tour of the Avenue to learn the individuality of the young artists, and the merchants hope many of the viewers will enter the stores to see the many items on display for the Christmas Season.

The cost to non members of the Association will be \$2, while the members will be assessed one dollar. The association has appealed for additional volunteer help in applying the basic whitewash coat to the windows.

Members of the Halloween committee are as follows:
Kay Fritz, Ho-Kay Gift Shop; Dorothy Simmons, Simmons Shades; Marge Bishop, Berkeley Business Service; Richard Yamashiro, Richard's Jeweler; Harold Denham, Denham's Department Store; and Maxine Horsfall, Tri-City Electric.

Pimental Warns Of Fire Hazards On Halloween

Fire Chief Fred Pimental of Albany cautions all parents who are planning for their children to wear Halloween costumes for Trick or Treat, or for a party, to be sure the costume they wear is made of noncombustible material. If paper is to be used in its construction there is a non-flammable type that can be purchased and it should be the only kind used. Design of the costume should be toward the tight fitting rather than loose and frilly cut. Lighted candles are a taboo, the chief cautions, as this presents a source of ignition within a child's reach, a most dangerous practice.

"If these few common safety practices are followed," the chief says, "then the ghosts of Halloween will be only in fancy and not in fact on the next day."

'Little Rock to The Russian Moon'

Dr. Charles Warren, pastor of the Taylor Memorial Church of Oakland, will be the speaker at the community dinner of Northbrae Community Church, Wednesday, Oct. 30th, on the subject "From Little Rock to The Russian Moon." The weekly dinners, presided over by the pastor, Rev. Lawrence L. Cross, and served at cost, are open to the public. Reservations should be made by calling the church office.

He will illustrate his address with his own color pictures which he has called "Around the World in 80 Slides."

The dinner is at 6:30 and the church is in the Northbrae-Thousand Oaks district of Berkeley.

Writing Class At Adult Center

When a student comes to a writing class, he usually hopes to find a teacher who will show him how to sell his work to an editor or a producer — he does not expect to find the editor or producer standing at the front of the room. But David Jacobson, instructor of the Writers Workshop at the Albany Adult Education Center, is producer and teacher rolled into one.

The Writers Workshop, which has been under his direction since last January, has already turned out a number of manuscripts that have been sold to magazines. The class meets on Monday evenings from 7:30-9:30 at the Albany High School building, 603 Key Route Blvd. Registration, for which there are no educational pre-requisites, is open at this time to the enrollment of those residing in or out of Albany.

There are not very many Albany folk who realize the honor that came to their city on Columbus Day when the beautiful daughter of an Albany resident was chosen to reign as Queen of the three-day celebration in Oakland. She is Miss Carmen Rago, 17, daughter of the Paul Ragos of 958 Cornell Avenue, a senior and honor student at St. Joseph's High School. She had four princesses and 15 attendants with her as she presided at the various imposing events on the program. Her father is a well known Albany building contractor. — Tribune photo.

Dizneyland Carnival at MacGregor

The MacGregor School PTA will hold its elaborate Disneyland Carnival this Saturday, Oct. 26, in the school grounds starting at 11 a.m. and ending at 4 p.m.

There will be a wide variety of events providing a program of interest to both children and grown-ups. Adventureland will have games of skill, Fantasyland will be in the White Elephant booth, at Doggie-land hot dogs and coffee will be available. At the Fountain of Youth there will be lemonade and popcorn, while at the Rocket to the Moon booth there will be balloons up to four feet long. The North Pole booth will have snow-cones, while at Goodfellow there will be cakes, pies, cookies, cupcakes and nutbreads. In Treasureland there will be a fish pond, and at Frontierland movies will be shown.

Red Cross Now Crusade Member

For the purpose of clearing misinformation regarding the status of the United Crusade and the Red Cross, it was announced today that the Red Cross has become a full member agency of the Crusade.

For the first time the three Red Cross chapters in Alameda County will look to the United Crusade for their "total needs," and will share accordingly with all the other member agencies in all funds, residential or those derived from business and industry during the current Crusade drive.

This means that there will be no Red Cross drive for funds next March, the month of the traditional Red Cross drive throughout the nation.

The Albany Crusade Residential drive is scheduled to begin October 16, at the same time the county-wide residential campaign will start.

1958 Chevrolet Models On Show Here Thursday

The 1958 Chevrolet, reportedly the most spectacular model in the history of the company, will be introduced at dealer showrooms nationally Thursday, Oct. 31.

E. N. Cole, general manager, disclosed the public exhibit date at a preview at which about 250 press, radio and TV editors examined the new line at the General Motors proving ground.

"We sincerely believe this is one of the most interesting automobiles ever brought out by the industry," Cole said. "Every major part will show the results of an engineering job that began five years ago."

"The 1957 model became possible," continued Cole, "only through expanded and modernized facilities. It is the first car to have full advantage of the resources at our new Engineering Center. In addition, its production has involved considerably more new machinery and equipment than is normal for a model changeover."

The new models will be on display here at the East Bay Chevrolet Company, 916 San Pablo Avenue, according to Al D. Hackin, owner.

Y.L.I. Will Hold Fashion Show

Members of Berkeley Institute No. 58, Young Ladies Institute, will hold a Golden Jubilee of Fashions show on Saturday, Oct. 26, starting at 1:30 p.m., at the Rockridge Women's Club, 5682 Keith Avenue, Oakland. Financial benefits will go to the St. Joseph's Center for the Deaf and Hard of Hearing. Several tries of three generations will act as models, with costumes furnished by the Rockridge Apparel Shop.

Big Drug Store for E. C. Shopping Center

J. M. Long, president of Long's Drug Stores, operating stores statewide and in Hawaii, today announced the acquisition from the Albert-Lovett Company of a site in the El Cerrito Shopping Center for the construction and operation of a super self-service drug store. The largest store of its kind in Contra Costa County and one of the largest in northern California, the new store will contain 16,000 square feet of selling and storage area.

COUNCIL TO CONFER ON DUMP TUESDAY

After a lengthy discussion of the controversial dump problem Monday night the Albany City Council unanimously agreed to hold a special meeting in the council chambers next Tuesday evening, starting at 8 o'clock. Heads of the Police, Engineering, Fire and Health departments are to be present, together with Robert G. Olson, City Treasurer and Administrative Assistant.

During the discussion it was brought out that the operation of the dump on weekends the last few weeks has shown a considerable loss to the city. Several alternatives were suggested, but the only action taken was to instruct the administrative assistant to investigate the costs of utilizing the Richmond dump for disposal of refuse, and use of city trucks to transport the material to that point. This action was taken after it had been agreed that some plan should be adopted that would provide dumping privileges for Albany residents.

In other action the council instructed Olson to investigate and report on possible methods for compiling the city's assessment rolls.

The resignation of Mrs. Mary Popper, head librarian since 1954, and with the library for some years previously, was accepted, and Mrs. Kathleen Watkins was named to the post on a temporary basis.

The perennial dog leash problem came up once more when Mayor Howell reported damage to new lawns and gardens in the Perata area. He said the police reported there was nothing they could do about it, and the only recourse to be had by the owner would be a civil suit. There was some talk of the possibility of putting the question to the voters at the next election.

A public hearing on request of the telephone company for change in setback on property on southwest corner of Ventura and Solano Avenues was set for Monday, Nov. 4.

On recommendation of City Attorney Foley and City Engineer McAuley it was decided to permit the opening of Kains Avenue northward across Cerrito Creek to the new shopping center.

The council also requested inclusion of the Southern Pacific grade crossing at Buchanan Street on the priority list for construction with the use of state funds.

Installation of a courtesy mailbox in the vicinity of 1324 Solano Avenue.

Change in setback and sideyard requirements on the "Lafayette Property" was approved with the first reading of Ordinance No. 57-031.

Rezoning of Lot 12, Block 15, Regents Park Map No. 4 — south of 1121 Stannage Avenue, from first to second residential, was approved over the protest of Mrs. Zain because of the small size of the lot. Council also approved a rear yard waiver on Lots 37 and 38, Block 7, Regents Park Map No. 4 (Property adjoining and south of 1067 Evelyn Avenue).

Fireman Freddy Says:

OMEGA

was selected as the official timer of the Olympic Games

When the organizing committees of the 16th Olympiads convened to choose an official timer they realized that the performance of every Olympic contestant must be measured with undisputed accuracy. They realized that only an organization with long experience in the science of precision-timing could shoulder such a great responsibility.

Since Omega had the knowledge and experience, gained not only from timing all previous Olympiads since 1932... but also the timing of the historic Bannister 3:59.4 mile-run, the British Commonwealth Games, the 1955 Pan American Games and scores of other contests... the appointment of Omega was natural and logical. Such dependability is yours in every Omega watch. See our men's and ladies' models, \$71.50 up, Federal tax included.

Albany Free Public Library

By MARY POPPER

(The following article was written by Mrs. Mary Popper, head of the Albany Library since 1954, prior to her resignation last week. The local library has won recognition throughout the state for its organization, its facilities and its service as outstanding in one of its size. Mrs. Popper was recently honored by being chosen to represent Albany at the Library Booth and to talk on library work during the recent State Fair in Sacramento. Her leaving will be a great loss to the city.)

Passers by on Solano Avenue on any of these fine, fall evenings cannot help but notice the invitingly, shining lights gleaming from an attractive, long, modern building in the 1200 block — the Albany Free Public Library.

Behind the busy scene of patrons borrowing and returning books at the circulation desk, and the rows of reading tables where students and browsers alike pursue their aims of learning or relaxation, lies a story of community effort and determination to bring fine library service to the City of Albany.

When city and county dignitaries met on December 5, 1952, to dedicate the \$65,000 Albany library building, made possible by a special bond election, expanded, centralized library service became a reality. Many an Albany resident can recall the stages of growth which led to that day of dedicatory ceremony.

The first public library in Albany was opened on November 13, 1913, at Kains and Solano Avenues to be replaced later by two branches, City Hall and Ramona, founded in 1922 in a store building at Santa Fe and Solano Avenues. Mrs. Kathleen Watkinson presided over the former, and Mrs. Martha Woodworth, still well remembered though retired since 1953, was in charge of the latter.

During these years, the library functioned as a branch of the Alameda County Library, until April in 1952 the addition of an amendment to the city charter creating a five member Library Board of Trustees and designating the library as a "free city library" opened the door to a more independent status. On July 1, 1957, by action of the City Council, branch status was replaced by a new relationship — henceforward the Albany Free Public Library, as an independent city institution, would obtain its books and processing services from the County Library on a contract basis, maintaining full control over all the aspects of local administration.

Today the Library serves the reading public of Albany with approximately 20,000 volumes on its shelves. Augmenting these are the library's connections, through inter-library loan service with the branches of the County system as well as other libraries within the state.

On their part, the readers of Albany keep the Library busy — last fiscal year to the tune of 90,364 books circulated.

A substantial part of the Library's job is the "readers' reference" service furnished the public either across the desk or by telephone, and backed by the Library's approximately 300 reference books and a trained reference librarian.

Summer story hours for children have been part of the Library program since 1955. Last summer, this was broadened to include a special hour for pre-school age tots. Readers' advisory work with children is handled with special concern for getting the right book for each child.

The Library staff today consists of three full-time workers; two professional librarians and a clerical assistant. Mrs. Mary Popper,

Israeli Pictures On Screen Saturday

An Israeli Film Festival will be presented at the Little Theatre, Live Oak Park, Shattuck and Berryman Streets, Berkeley, on Saturday, October 26, at 8 p.m. Included are four films produced in Israel: "Tent City," story of the settlement of refugees from Europe and the Near East, told through the experiences of a young boy from Baghdad; "Letter to Rome," a short color film showing the adjustment of a "newcomer" through his participation in Scouting; "Israel, 1956-57," summary of important events; and "They Met in Galilee," color film covering many facets of Israel today, and woven around a story that shows beautiful views of the Galilee country and Biblical landmarks.

The East Bay friends of Israel, a group interested in cultural exchange with the Israeli people, will present this program without charge.

Girls to Present Colors Saturday

Troop 124, Girl Scouts of America will present the colors in an impressive flag ceremony at the annual Albany - Berkeley - Kensington Girl Scout "Sing" on Saturday, Oct. 26, at John Hinkel Amphitheater.

Troop 124 is under the leadership of Mrs. Leonard Lee Keck, assisted by Mrs. Carl Scott and Mrs. Howard Henington. The troop committee includes Mrs. Leland Glass, Mrs. Max Kelley and Mrs. E. H. Lauer.

Bill DeMello and Kathy Darnell plot against Dennis Senior, as the innocent wife Karen looks on, in a scene from the Albany High School Senior's "Fatal Day". Members of the cast, from left, are Kathy Darnell, Bill DeMello, Karen McCuiston, and Dennis Senior.

Albany Hi Seniors Present "Fatal Day" At School Tonight

The Albany High School Senior Class will present an old-fashioned melodrama entitled "The Fatal Day" in the high school auditorium, starting at 8 o'clock tonight, Friday, Oct. 25.

The play combines hero and villain, chills and humor in such a way as to leave you gasping with excited terror as well as with sheer delight as the final curtain falls.

The cast is as follows:

Bill DeMello as Clyde Ormand (the villain); Kathy Darnell as Lola Sutherland (his accomplice); Dennis Senior as Mr. Horace Washburn; Karen McCuiston as Mrs. Horace Washburn; Julie Harris as Sue Landers; Larry Spivak as Sue's boy friend; Sue Olson as Della Murphy (Washburn's housekeeper); Warren Brunetti as Officer O'Reilly; Robin Paine as Jessie Washburn; Bill Fauntleroy as Willie Washburn, and Jose Cruz as the Minister.

Arthur Harris Would Succeed Hardie As Judge

Arthur Harris, Berkeley city councilman and practicing attorney, has announced that he will be a candidate for the office of municipal judge to succeed Louis J. Hardie in the Berkeley - Albany Judicial District.

Harris' statement of candidacy follows recent announcement of Judge Hardie that he will retire from his judicial post upon expiration of his present term on Dec. 31, 1958.

While the primary election to de-

cide Judge Hardie's successor will not be held until next June, Harris stated that he is making an early announcement in view of interest that has been created in the impending vacancy.

Harris, 41, native of San Francisco who has lived in this area all of his life, was first elected to the Berkeley City Council in 1941. He resigned his official position the following year for active service in World War II. For four years he was an officer in U. S. Naval Intelligence with service in both Pacific and Atlantic theaters of war.

A graduate of the University of California, Harris was former president of the Berkeley campus, class valedictorian and member of Phi Beta Kappa scholastic society. Later he served as a representative on the ASUC executive committee for seven years.

Harris and his wife, Geraldine, live at 641 Spruce Street, with two sons, Kerrigan, 7, and Kelly, 4, year old.

Mrs. Ricksen, who has an equal- ly outstanding record of civic lead- ership, presently serves on the City Welfare Commission in Berkeley and is president of the Republican Women's Club.

Long active in civic life, Don Mulford is a graduate of the Uni- versity of California, where he was active in student affairs. After serv- ing as an officer in the Infantry in all theaters of war abroad dur- ing World War II, he headed the West Coast office of Music Cor- poration of America in San Fran- cisco in post-war years. He pre- sently owns and manages his own insurance brokerage.

Locally, Mr. Mulford is chair- man of the Public Information Committee and member of the Executive Committee of the East Bay Safety Council. He served as co-chairman of the highly suc- cessful Oakland School Bond Drive of 1955.

HOW ABOUT QUALITY?

Many a car owner becomes so obsessed with the quantity of service he gets from a certain part of his car that he forgets all about quality, points out the National Automobile Club.

Consider the spark plug that gives a 100,000 miles of service. That's a lot of service, but how about the quality

New State Law Covers U-Turns

Bay Area police forces will launch strict enforcement on November 1 of a recent amendment in the California Vehicle Code prohibiting U-turns at signalized intersections.

The amendment requires that vehicular traffic facing a green "go" signal shall proceed straight through or may turn right or left. But traffic may make a semi-circular or U-turn only where such a turn is specifically permitted by signs erected at the location, after yielding right of way to oncoming traffic or pedestrians.

LETTERS TO THE EDITOR

Albany Times
Albany, Calif.

Having announced my intention not to be a candidate for Municipal Judge of the Berkeley-Albany Judicial District at the primary election in 1958 means that my long public service will come to an end at the close of next year.

I wish to take this means of expressing to the Albany Times my appreciation and gratitude for the support it has accorded to me throughout the years. I want all to know that the remembrance of such support and for the many courtesies that I have received shall remain with me as long as I live as a sweet and pleasant recollection.

Albany, California, Oct. 23, 1957.
(Signed) LOUIS J. HARDIE.

Albany High School Melodrama Tonight At Auditorium

Albany High School's melodrama "Fatal Day" playing in the auditorium tonight will have scenery and a gold and green curtain borrowed from the recently razed El Rey burlesque house.

Director Freeman Sargent adapted the melodrama and is also putting on a four-act olio.

Sargent happened to notice the burlesque theatre being torn down on San Pablo in Oakland and got permission from owner Peter DeCenzio to borrow scenery and curtain.

No Cutback In Army Recruiting

Sergeant Jeff Casserly, U. S. Army Recruiter in this area, stated today that current cutbacks in manpower in the armed services will not curtail the Army's guaranteed enlistment program for young men and women who can qualify. The Army is the only service to offer a written guarantee before enlistment, and this program will continue in effect. It permits the applicant to make his own choice of the branch in which he trains and serves, or to choose the technical training school which he desires to attend. It is a program that offers young men and women "Choice — Not Chance".

Reception Honors 50th Anniversary Of Ralph de Onga

A reception honoring the 50th marriage anniversary of Dr. and Mrs. E. Ralph de Onga was held Sunday, Oct. 6, at the home of their elder daughter, Mrs. Joseph M. Hanlon, 1012 Ventura Ave., Albany.

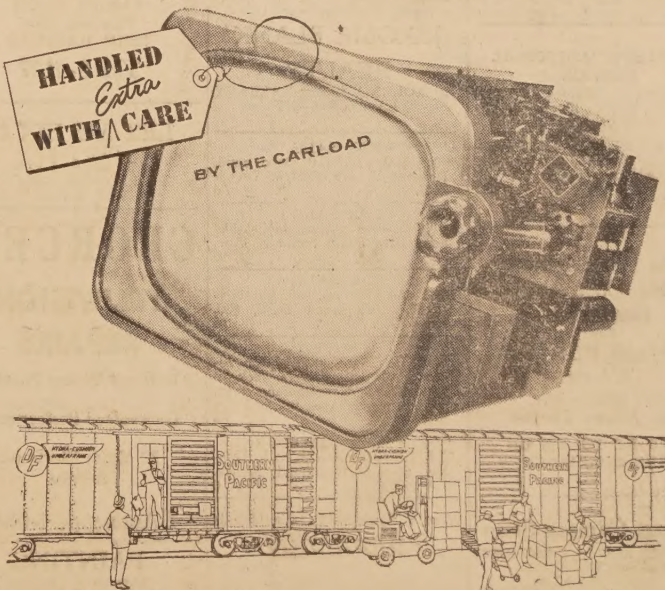

The couple were married at Sebastopol, Sonoma County, Oct. 4, 1907. They came to Berkeley in 1911 and the doctor entered the University of California.

After his graduation he was appointed a member of the faculty, which he held until 1928, when he resigned to go into a consulting field. They have lived at 926 Stange Ave., Albany, since 1946.

They have three living children, Mrs. Joseph M. Hanlon, Mrs. Charles B. Sheffer and Ralph de Onga. There are 8 grand children, all of whom were in attendance at the reception. A buffet luncheon was served from 2 to 6 p.m. and 75 friends and relatives joined in wishing the couple a happy anniversary.

REVOLUTIONARY NEW "SHOCK-ABSORBER" GIVES EXTRA PROTECTION TO FRAGILE FREIGHT

Careful handling of freight has always been a prime concern of Southern Pacific. Four years ago we asked Stanford Research Institute to help us develop an even better way to cushion boxcar shipments of fragile freight. The result is something we're proud to report.

It is the Hydra-Cushion Underframe freight car, which employs a unique sliding underframe with a hydraulic pressure device to give extra cushioning to fragile shipments while cars are being coupled or are in transit.

350 Cars. We built 350 of these cars—and added "DF" (damage-free) interior loading equipment and roller bearings for good measure—to assure extra protection to shipments of television receivers, bottled goods, glassware, ceramic tile and numerous other fragile products.

The Hydra-Cushion Underframe freight car is an example, we think, of how Southern Pacific uses modern research in our continuing effort to give the finest freight service.

Man's responsibility for spiritual growth and progress will be brought out in the Lesson-Sermon entitled "Probation After Death" at Christian Science services Sunday at 533 San Pablo Avenue in Albany.

Scriptural selections to be read include the following (Philippians 3:13-15): "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark."

for the prize of the high calling of God in Christ Jesus. Let us therefore, as many as be perfect, be thus minded; and if in any thing ye be otherwise minded, God shall reveal even this unto you."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (291:12-13): "Universal salvation rests on progression and probation, and is unattainable without them."

The Golden Text is from James (1:12): "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, a rich the Lord hath promised to them that love him."

WHAT'S DOING

The way things are growing around here, we're plenty busy putting in more phones. So, we keep on the lookout for time-savers. Like the little "watchcase" this telephone man's working with. This case connects the wire from a house to certain types of telephone cables outdoors. Makes the job a whole lot simpler. The case has a clamp on the back. So you can put it where you want it in a jiffy. Inside, it has a couple of tiny posts. You tie your wires around them. Then, snap on the top—and the job's done. Takes about 5 minutes. Time-savers like this help us bring more service to more people. In less time, too.

When you hear air hissing out of an auto tire, first thing you do is find the leak and have it fixed. Something goes for some telephone cables. They've got compressed air in them. The pressure keeps out moisture. And believe me, we keep close tabs on this pressure, too. When air starts to escape, instruments let us know right away. They tell us just about where the leak is, too. That way we can patch it up before it affects your phone calls.

Football season isn't the only current interest in the Berkeley Telephone office. Lynn Johnson (right) Service Order Typist, and Kathy Bessey (left) Service Representative, both Crusade Team Captains for this year's drive discuss final details before "kick off" time. These girls are just two of many local employees who participate yearly in our company's Crusade drive for the one big give which will provide aid for many of the Bay
